Seminar Recap:

What score did you get in the seminar? List the type of any negative points received.

Score _____ Negative points _____

Post- Seminar Reflection:

Now that the seminar is done, reflect on the conversation. Please write in complete sentences.

What were 2 comments made by other classmates that you found interesting? You do not need to quote them, just summarize what they said.

Did you change your mind from your original claim? If so, what made you change your mind?

If you received any negative points, how could you have changed that or said something differently?

If you could make a final comment or statement, what would that statement be? (If you didn't talk much, this is your opportunity to tell us what you would have said.)
